### Experience

#### Freelance Fullstack Developer (UPWORK)

Indramayu, Indonesia

Nov 2024 – present

I have successfully delivered 4 projects with a 100% Job Success Score, earning over \$1K in revenue, specializing in building responsive web applications using React, Next.js, Tailwind CSS, and TypeScript. I have collaborated with international clients to develop landing pages, SaaS dashboards, and e-commerce interfaces, consistently implementing best practices in UI/UX, code quality, and performance optimization. Clear communication with clients has been a key part of my approach, ensuring satisfaction, on-time delivery, and repeat business. My profile Upwork:
